

Hi, my name is Abby Warner. I will be completing a long term Rotary youth exchange for the 2022-2023 year and I just learned I will be living in Denmark. I will be a graduate of Lincoln High School in June of this year, having completed both my senior and junior years this academic year. I am 16 years old and I have lived in Lincoln, California for most of my life.

I enjoy creating art and reading. I am also an avid animal lover. In addition to my two cats and my family's two dogs, I have fostered kittens and helped nurse them back to health so they can be adopted by loving families. I have been lucky enough to travel quite a bit with my family, including going to Denmark, Finland, Sweden, Germany, Estonia, and a little bit into Russia. It was so incredible to see how people live their lives and how it was so different than how I have experienced my life in our small town. I am so excited to dive deeper into that experience and live within another culture for an entire year. I am excited to try new foods, learn a new language, and hopefully even see the Northern Lights. I am so grateful to Rotary Club and Rotary International for making this experience possible!
